### Full job description

#### Job Details:

- 6 month contract to start
- 12 months extension options
- Salesforce CRM & Adobe eCommerce Projects
- Work from Home: Varies - 3 days week onsite hybrid work environment.

#### About the Role:

Our client is a leading University based in Melbourne seeking an experienced **Project Manager** to lead the delivery of university-wide digital enhancements to their donor and alumni functions as they move to Salesforce CRM with the integration of an online eCommerce (Adobe Magento) to allow for online donations.

#### What your day will look like:

- Conduct project initiation planning, scoping, scheduling, resource planning and financial estimation as part of project delivery and business case processes.
- Prepare and maintain project documentation.
- Ensure achievement of timelines, budget and scope.
- Manage and work with external consultants and vendors where appropriate

#### What you'll need:

- Prior experience delivering Salesforce and / or eCommerce / MarTech projects highly desirable. Technical experience in this domain is not necessary.
- Ability to plan and work with product owners and change managers.
- Experience delivering medium and large projects on time, on budget and within scope.
- Experience with project management methodologies including Lean,

Agile, Prince2 etc.

- Proven leadership and team building skills, with experience working in Agile and transitioning Hybrid environments.
- Outstanding written and verbal communication to support improved communication and transparency between delivery teams and their stakeholders.

**Apply now.** For more information contact Erin 0262010106 or our Consultants on 0386139999.
